# Our most advanced hearing aids. Now, effortlessly.

Evolv AI introduces our most advanced hearing aids that seamlessly fit into your patients' lives.

## 2-Way Audio NEW

*Introducing a game-changing phone conversation experience.*

Evolv AI is updated to deliver 2-Way Audio. Now, hearing aid microphones pick up and stream voices directly back to iPhone and iPad\*, allowing them to seamlessly talk hands-free.

## Edge Mode

Putting AI into every patient's hands with on-demand features like Edge Mode has proven speech audibility advantages.

## Fall Alert

With significant improvements and expanded datasets, Fall Alert now provides even more accuracy in detection than ever before.

## Reminders

Patients get reminder and calendar alerts directly through their hearing aids.

## TeleHear

Even more flexibility and fine tuning for your patients, wherever they are. You can seamlessly make adjustments virtually to their hearing aids.

The Thrive Hearing Control app delivers powerful features that are designed to help patients live healthier – while Thrive Care provides peace of mind for caregivers.

\*Compatible with iPhone 11, iPhone 11 Pro, iPhone 11 Pro Max, and later, as well as iPad Pro 12.9-inch (5th generation), iPad Pro 11-inch (3rd generation), iPad Air (4th generation), and iPad mini (6th generation).

# Effortless intelligence

Our latest technology provides superior sound quality plus advanced features and capabilities.

## Accessories your patients love

Patients connect effortlessly to their world with our versatile line of accessories.

### Mini Remote Microphone

Patients can enjoy one-on-one conversations in noisy environments by attaching it to a conversation partner's clothing.

### Remote Microphone +

Enables easy audio streaming and one-on-one conversations in noisy environments.

### Table Microphone

A multi-functional device designed to improve listening in group gatherings or noisy restaurants. It also functions as a TV streamer or even a body-worn remote microphone.

### Remote

Easily control memory and volume, mute hearing aids and turn other special features on and off.

### Mini Turbo Charger

In just seven minutes, our pocket-sized charger provides 3.5 hours of power and can completely charge RIC R or BTE R hearing aids up to four times.

### Standard & Custom Charger

With up to three full charges, our chargers let patients know when their rechargeable hearing aids are charged, automatically turning the devices on when removed from the charger.
